

A sample of a few of the other great entries to the Limerick Competition

COVID is here, people are in fear
We are losing loved ones close and dear
They say not to worry
But it gives me a pain in my tummy
COVID is here. Stay strong and have no fear.

I thought 2021 was going to be a restart,
But we're still not able to see our grandparents and it's breaking my heart,
No soccer or tennis to play,
I wish COVID would go away,
For that to happen we all must stay at home and do our part.
By Hugh

There's a virus that goes up your nose,
That has forced all the schools to close,
But if we keep washing our hands,
And we don't hug our nans,
We'll be back to Mr. Doran before we knows!
By Sam

I'm stuck here at home all day,
I hope I won't be here till May,
I miss all my friends,
I hope this lock down ends,
So we can go to school to learn and play.
By Dylan

Two metres and masks galore.
Mum keeps washing the floors.
The schools are shut down.
Causes parents to frown.
I hope I don't get an extra chore.

A chicken nugget went into quarantine,
Because he got the virus COVID-19,
That made him very sick.
But his brother took vaccine,
And he never ever got COVID-19.
By Donal

Micheál closed all the schools
We thought it was an April Fools
But now Mammy's trying to teach
It's a bit out of her reach!
But these are the government rules.
By Thomas

This lockdown is long as a ruler.
I wish that my life could be cooler.
The classes are hard,
I send my regards
To the teachers and all the home-schoolers!
By Patrick

My mother just thinks that it's no good
Being our teacher in Covid
Busy at Maths
She hasn't a rats
As for Irish, her brain has exploded!
By Christopher

This Covid is getting on top of me
I feel like I need a lobotomy!
I'm missing the lads,
The footie, the gags
As soon as it's gone there's no stopping me!
By Geoffrey

Lock down is a struggle
I hate being in a bubble
The school work is insane
It must go down the drain
I can't wait to get out of this ruckle!
By James

School is closed we're all stuck at home,
Joe wicks does PE on my mams phone,
This feels like a dream,
I just want to scream,
The homeschooling is makin me groan.

Granny wanted to go to Paris,
But she couldn't because of the virus,
So she went to Dunmore
And sang by the shore
And thought she was Miley Cyrus.
By Bobby

We need to get rid of this virus.
It's more annoying than Miley Cyrus.
No more trips to the pool,
The shops or the school,
So, I'm home looking up words like 'Gyrus'.
By Éamonn

There once was a new type of Flu,
That made everybody feel blue,
We did school work from home,
On tablet and phone,
To make sure that our knowledge still grew.
